

U.S. District Court for the Western District of Pennsylvania
2014 Courtroom Technology Training Schedule for Erie, Johnstown and Pittsburgh

Courtroom technology training seminars for attorneys, paralegals, and other support staff will continue to be offered throughout 2014. These sessions are to explain the capabilities and function of the A/V equipment that is available to aid in the planning for future trials.

New for the 2014 sessions will be information about the new High Definition equipment in Judge Hornak and Magistrate Judge Eddy's courtrooms with HDMI computer hookups.

Attendance at one of these sessions is strongly recommended to anyone who expects to have a trial in the Erie, Johnstown or Pittsburgh Courthouses and who have not attended previous training seminars. These seminars are useful to attorneys, paralegals, and others who aide and assist attorneys at trial.

If you attended a previous session and would like a refresher you are welcome to attend again.

If you would like new copies of the training materials they are located on the court's website:
